ABOUT US

Chennai Hair Factory stands as South India's premier Human Hair Extensions Manufacturer, Wholesaler, Exporter, and Supplier. With a rich legacy spanning three generations since the 1990s, we have passionately crafted and delivered quality products to our esteemed clientele.

Our Legacy:

Our journey began in the 1990s when Shiva's grandfather pioneered the sourcing of hairs from temples. Recognizing the value of this tradition, Shiva undertook this business after his graduation in 2009, carrying forward the family legacy with pride.

The Temple Tonsure Advantage:

Chennai Hair Factory is renowned for its exclusive supply of temple tonsure hairs, cherished for their exceptional durability. Unlike salon hair, temple hair remains in its pure, raw state, untouched by chemical treatments. This distinction has made temple hair the preferred choice among wholesalers and customers, ensuring long-lasting satisfaction and natural beauty.

Meet Mr. Shiva:

Mr. Shiva, a distinguished graduate in B.Tech (IT) and MBA, seamlessly integrated into our family business to support his father. Over time, he assumed leadership, harnessing his expertise to propel our expansion. In the past two years, his strategic vision led to the establishment of a thriving factory outlet in Dubai. His adeptness in customer relations has been instrumental in steering our business towards unprecedented growth and success.

Everything was simply amazing! The hair is lusciously thick, the double weft was great, the hair texture even more amazing and no shedding! The hair is definitely GIVING! The customer service is amazing and if I could give more stars I would! I got so many compliments! They have both transparent and hd frontals, I am currently trying out the transparent frontal with two wavy bundles! I will post the hd frontal and bundles in next review!

I absolutely recommend Chennai Hair factory to anyone in search of 100% Raw Authentic cuticle aligned Healthy shiny vibrant luxurious bouncy Bug Free Certified by customs hair! I can't make this up! I took a chance and it was worth every penny! I purchased curly bulk hair from Chennai hair factory in 26inch length and it actually measured at 27.5 inches which was absolutely awesome because I make tape in hair extensions for a living and within that process you do loose a small amount of length (.5 - 1in) to be exact !

I have been tried many different raw Indian hair companies and I have to say this one is by far my favorite. Mr. Shiva is very professional and he always responds as soon as possible . The hair I received was very beautiful and had an amazing smell ! You can easily see it is unprocessed human hair , Nothing like Chinese vendors ! I am very excited to be doing business with Mr Shiva and his team !

Shannon Ferguson

Hair is beautiful, a bit of a foreign smell initially but I have had this hair in for almost 4weeks....After partying, sweating and wetness the hair still has No tangling, no matting in back and little shedding. This hair is silky and gorgeous! Trust me this vendor is legit. Atlanta, ga checking in!

Best hair hands down & great customer service. Mr. Shiva is amazing and anyone that says this hair is bad is either a competitor or liar. I have ordered from many places and never received this top quality so I recommend everyone who is looking for legit Indian hair to contact this company.

While visiting in Chennai on business, I visited over four hair factories. and this hair factory was the best. The owner, Shiva, stayed in constant communication with me about the hair and its quality. He also showed me various videos and samples of the hair before I came to the office. When I arrived at the office, his lovely assistant greeted me and provided me with water. Shiva was patient and not pushy during the sales process. The hair is great!! Please do not go anywhere else or waste your time going to other places. His hair is soft, ISO certified, does not shed, and tangle free. Please go by and see him. You will not regret it.

Louticia Grier

My name is Louticia Grier When I bought my hair from Chennai company I was so pleased with the hair. The hair I got from this company was absolutely amazing. It was so soft and nice that I just keep coming back for more and more. I have found my place to buy my hair and I have the hair is an excellent grade of hair . And to top it off the staff is so helpful and so nice I was thoroughly pleased.

The hair you get from Chennai is worth your spending and you will never regret because they go above and beyond to serve your needs. The hair is so silky, no shedding and no tangling. I've been in business with them for a couple of months now and I have never been unsatisfied. If you're looking for a vendor Chennai is the right place for you!!!highly recommended.
